## RBYC SAILING PROGRAMME 2019

Date	Line	Cruiser/ Offshore	RBOD	RS Elite	International Dragons	Cadet/Dinghy TBC	Cruising Activities
------	------	-------------------	------	----------	-----------------------	------------------	---------------------

*Where cruiser handicap racing is shown as alternating between the RB and RC lines (i.e. CYC legacy Victory and Summer Series) this indicates that starts are available and will be run from those lines for a programme of races to be worked out before the start of the season by cooperation among the BSC, the RBYC and the RCYC. It is likely that cruiser handicap racing will not take place on every date indicated but will consist of one or more series of races which respond to demand and continue the CYC cruiser handicap racing legacy on the river. Multihull racing might also be included.*
